**Greensburg, PA | 740.921.4264 | calvintconnor@gmail.com**

## ♦ Experience

---

### IT Support Specialist | DR Technology Solutions

**2024 - Present**

- Served as first point of contact to diagnose and triage business IT problems by answering phones, emails, and tickets. Responsible for going onsite to install or repair customer infrastructure and software.
- Supported local businesses IT needs related to firewalls, networking and switching, VPNs, cyber security principles, antivirus, remote support, hardware, cloud infrastructure and backups, Windows Domains, and local server solutions.

### Technology Trainer | St. Clairsville Public Library

**2021 – 2023**

- Trained the public on how to use technology with classes, appointments, and educational materials ranging from complete beginner to advanced users.
- Assisted the Network Admin in maintaining and securing the network while also acting as IT help desk for any employee or patron technology related problems.

## ♦ Education
